### VERY DELIBERATE,

The Council Last Evening in Session.

Time and Energy Expended Over Building P. rmit.- Routine and Otherwise.

City council met last night after a long racation. City Attorney Judge Dyer wa present, after a long absence on his sur vacation, and looked very much like he had entered the council chamber much invigorated and ready for another year's hard work at council sessions.

There were present at roll call his bono Mayor Allen, Councilmen Healy, English, Derby, Harris, Buckridge and Kenyon. It was just a quorum, which fact placed some doubt on any ordinance that might be intraduced, as it would take a unani vote, and that state of affairs had been rather the exception than act. the rule. It was also thought that the long vacation would impart more impetus to the council and some of the members would be more care ul about the interests of the dear people. The lobby was well filled with peo- of order. ple who seemed to be interested over some

question about to be discussed. Mr. Kenyon made his report on the finan ces of the city which was rather a favorable

Mr. Buckridge, of jail and police, moved that the police judge be fenced off from the to come to the council. "crowd of mortality" which as a rule visit m on business days.

While the judiciary was reporting the city attorney stated that the city had been sued by Mr. "Yahoo" who claimed that the city had taken his property on South Lawrence avenue for street purposes without remuneration. The city attorney thought the matter ought to be com-

Mr. Healy-As councilman from the Firs ward. I don't like for the city attorney to call one of my constituents a "yahoo," Mr. Yobe has always given that land to the street and don't think he can beat the city in his little suit.

Mr. Buckridge-Think people should be Think people ought to be compelled to pay before the city weigher does the work. It was finally conceded that the matter

should be provided by the city weigher's judgement. Permission was granted to erect scales on

The matter of erecting city scales on the corner or Oak and Main streets was referred

to jail committee. Mr. Healy, as chairman of the railroad committee, introduced an ordinance to the council charging the right of way of the Wichita and Su urban motor line. When the clerk had read the same Mr. Buckridge moved that the o dinance be referred to the railroad committee.

When the motion had been submitted Mr Douglass, attorney for the road, stated that the matter had been before the council for some weeks and the people and company vere anxious that it be settled

Mr. Healy stated that the ordinance should built and the change was necessary owing to the fact that the route called for a line through the stock yards.

Mr. Douglass-We are very anxious t have this matter settled tonight. It has been referred to that committee at least five

The motion prevailed, which seemed to carry out the prediction that it was

night for ordinances. An ordinance was introduced asking that

a steam motor be not allowed used by the Wichita & Suburban motor line company on Market street, south of Thirteenth street but mule power. Attorney Moore championed the ordi-

sorce, stating that the people along the street had not in the first place desired the motor line but since it had come it was desired that it be made as little offensive as possible. The steam motor made it unsafe for driving and horse power would be less objectionable. The line would hurt the property itself and he asked that the council preserve the value of the property in that section. Not desiring a motor line at all but since it had been granted he asked for relief in the way of mule power. He presented a petition which he said was signed by all property owners along the line who were in the city, asking that mule power be used.

Mr. Johnson-I move the ordinance be referred to the railroad committee.

City Attorne, -I don't see the use of re ferring this. It must be settled sometime. I don't see bow the council can pass the ordinance in the face of the original ordinance. I don't think the council has power to change electricity occasionally for the benefit of the it. The ordinance introduced covers more change of the original ordinance than the provision of the original ordinance allows. Mr. Healy-I hold that we can make any

change we wish under the present law. English-It seems to me that we have already gone to far too allow the change introduced. This now takes the shape of a contract between the city and motor line

The motion carried. Mr. Healy-The Santa Fe don't recognize that there are any streets in [Wichita cross ing their tracks from Douglas avenue south to Kellegg. They claim that they bought the land since years ago and think we have no streets. I think the council ought to look up the matter and determine whether we

have any streets there or not. The matter was referred to the judiciary ommittee and city attorney

Mr. Harris-The principal pert of the re port of the fire committee is the plans of the new engine house. The plans were submitted by Proudfoot & Bird. The building has a front of twenty-five feet, one hundred feet deep, two stories high, with a tower fifty two feet high for drying bose, and costing \$3,000.

It was moved to accept and adopt plans Mr. Derby-I am in favor of snothe engine house. I would favor getting the lot adjoining this building on the south so we could knock out the partition and have a handsome city hall here. I am not in favor yesterday. Our ten column weekly will be of building on the old location until we try my scheme. This hall is not 1 rge enough.

Healy-I will never favor this city paving its permanent city hall over an engine house. This city will soon be able to have a good hall. Over an engine house is not the place

Eeglish-We have the cheapest plans we

could have secured. The city don't want to success. The lawn is to be beautifully illum- statements by making their purchases. They

eight architects in the city who would sub mit competitive plans and we would only have to pay for the plans adopted. Harris-It is a late time to bring up this

The motion to adopt plans carried. English-I move the engineer submit de tailed cost of building at next meeting. Car-

Harris-I would like to ask for leave of absence for Fred Bruhe, foreman of com-

nany No. 1. Granted Mr. Abe Smith stat d that he wanted to erect an addition to his shop on Main street. There was a difference between kim and the

fire marshal about the permit. Buckridge moved to refer the matter the fire committee, with Healy a second. English-I think this matter ought to be

settled tonight. -Mr. Walden-If the council orders a per mit it relieves me from any responsibility. Under the ordinance I can't issue the per-

Healy-I think the matter should be referred to the fire committee with power to

Mr. Johnson-I move Mr. Smith be allowed to put up that building anyway he wants it Buckridge-I think Johnson's motion out

City Attorney-Thinks the motion is out

of order. The Mayor-I am aware that strictly speaking this motion is outof order. The fact that it has a precident caused me to put it before the council, I told Mr. Smith

The motion carried after a long discussion raising more spirit over the erection of a frame shanty than any other question of the evening. When the motion carried the city attorney instructed the council that that onorable body was unable to give a building permit whether it was in conflict with the fire ordinance or not. This seemed to give the affirmative councilmen the laugh, which was taken advantage of by those of the negative persuasion and interested lobby. A culvert was ordered across Sherman

avenue near Eccond street. Under the head of special committees Mr. Healy introduced a matter for sometime pending, asking that the street formerly opened between Third and Second streets compelled to pay before the load is weighed. and Fifth and Mead avenues be vacated. The city attorney was instruct draw up an ordinance to in compliance with the petition submitted. The rules were suspended and an ordinince passed vacating eight inches on the north side of Williams street, from Main

South Fourth avenue in front of lot fifty- street to the first alley west. A detailed estimate of cost of Thirteenth street bridge was submitted city authorized bids. The estimate is \$1,679.

Mr. Buckridge moved that Fifteenth street between Fairview and Sherwood avenues be graded. Healy-This thing has gone too far. The idea of this city grading unused streets where sun flowers reign undisturbed in order

to help out a cer ain man's interests is re-City Attorney-We are a city of the first class and there are certain rules for all these things. As I understand law no street can be graded without first a resolution declaring it necessary not be objected to as the line is now being If it costs more than \$100 the cost must be taxed to adjacent property.

The Mayor-If that's the law your motion is out of order. Gas mains were ordered on Tenth street from Waco avenue to Larimer Avenue. Adjourned until Wednesday evening.

Ouite a large amount of business was postponed. The bills were not allowed, owing to pointed to nominate directors for the ensuthe fact that the city treasurer is not in the city and will not be here until Wednesday. next meeting.

THE UNITED STATES DISTRICT COURT

The United District Court met vesterday morning promptly at nine o'clock with Judge Cassiuis G. Foster on the bench. Hon. W. Perry, District Attorney, J. C. Wilson Esq. Clerk and C. W. Jones, Esq., Marshall present. The court is a laborious one and is energetic and prompt in dispatching business. The first case tried was the United States against Butter and Howard, charged with the larceny of some cattle in the territory, which was tried before a jury and resulted in a verdict of not guilty A plea of autrefois acquit was filed in three cases against Wm. Blue, charged with the larcency of some horses in the territory, and the pleasustained and Blue discharged in

At the evening session of the court the grand jury brought into court thirty indictments. At the night session the case of the United States against Wm. Woodham, charged with assault with intent to kill an Indian in the territory, was tried before a ju y and resulted in a verdict of not guilty. At 10 o'clock the court adjourned until this morning at 9 o'clock.

STENOGRAPHERS MEETING.

The Wichita S enographers association met at the office of Campbell & Dyer last evening with a large number of stenographers in attendance.

There was much enthusaism manifested were present. A permanent organization was effected,

dent, W. L. Chitty, vice-president, H. L. McElRoy, Secretary, and W. H. Criley, The Constitution and By-Laws of local or

canization were adopted and the committee to report the constitution and secure charter for state organization granted further time to report. Work was laid out for the next meeting

to be held at the residence of Mr. A. C. Albert at 610 South Market street. The association then adjourned to mee Wednesday evening, September 14, 1887.

EXTRA FAGLES.

Two thousand extra copies of Sunday morning's issue only were printed and the entire edition was exhausted before the office could be closed Sabbath morning. Several thousand additional copies were called for out Thursday night containing the same matter and much additional. Those who desire can get extras in wrappers or otherwise

## LAWN FETE.

this being the last fete of the season no ex-Buckridge-I guarantee that there are in attendance. Pefreshments as usual.

The Body of a Man Naked and Unconsciou and North of the City.

Vesterday about noon news reached the city of the finding of the body of a man driver, and in carrying an old gentleman along the track of the Sauta Fe north of the by the name of A. Reynolds, from Green city. At first the report was that the body was that of a man apparently killed by being thrown in some manner from a passing rain the night before. Later, however, it was found that the ap-

that he had most likely been set upon by ome foot-pads, and having been of everything he had ven to his clothing was left naked beside the track where he was found by some railroad employes. Here he had lain in the hot sun for perhaps part of the night and almost the whole of the forenoon. He was uncor scious but upon being removed to Valley Center and somewhat revived it was discovered that his name was Ed Ryan of Villa men who were arres ed on the charge of Grove, Col. The latest advices say he is still in a critical condition but that there are hopes for his recovery.

QUITE A WRECK. Quite a wreck occurred on the 'Frisco road inday night near midnight, about eight miles east of the city. A heavy freight train was going down grade about thirty miles an hour-something beyond maximum speed-when one of the front cars, loaded with stone, broke down. The eight following cars were thrown off the track and rolled down into a field, badly smashed. The track was torn up for a hundred yards, and some other cars thrown off the track, but not

badly injured. The engine was unharmed, A brakeman who happened to be on the centre of the train was thrown several feet into a field and badly injured. His name was J. S. Wright, and his recovery seem doubtful.

Soon after the wreck a wrecking train left this city, and it was not until 10 o'clock vesterday that the track was made passable. The morning train, due at 6:15, did not arrive until 10:30 o'clock. A passenger state

that the eight smushed cars were in the field yet when the track had been repaired suff ciently to allow the passenger to go west. Y. M. C. A ECHOES. One hundred and sixty-five young in

listened with close attention to the carnest

address delivered by Rev. J. H. Parker. The board of directors met last evening and transacted the usual monthly business. A committee composed of F. E. A. Smith, Geo. H. Meeker and H. W. Rule was ap-

Stage Manager McIntosh

as usual this afternoon at 5:15. Members and their lady friends are re quested to consider themselves engaged for next Monday evening to attend the annual

meeting and social. BACK FROM LOS ANGELOS.

Mr. Geo. L. Rouse is home from California. He spent considerable time at Los Angelos for the purpose of comparing the present and the general outlook of that city with Wichita. Los Angelos'boom is a real estate transfer craze differing from the solid growth being made by Wichita. The building operations of Los Angelos are on an insignificant scale comparatively. For instance, Mr. Rouse says there is no such a "Skipped by the Light of the Moon," a play building now nor is there any building in that has for the past three seasons filled the course of construction or in contemplation as the Sedgwick block in Wichita, being erected by himself and Mr. Blackwelder. Mrs. Rouse has also returned from Hot Springs, Arkansas, she arriving from the south and landing at the Wichita depot the same moment Mr. Rouse arrived from the

FOR THE COMPANY. Mr. G. C. Strong has returned from a business trip to St. Louis. While in that city and quite a number of new stenographers be was looking after the interests of the Wichita & Suburban Motor Line company. The engines have been completed and some A. C. Burwell being elected permanent presi- of the cars. He saw them and as far as he can judge are just what the company desires. The coaches will be regular passeng r coaches hea ed with steam and supplied with all modern improvements. Mr. Strong says that it will be impossible to find better coaches in the West and that the road in every particular will be first-class.

HONORED AWAY FROM HOME.

Mr. Abe Graves and L. T. Sherwood are in from Los Angelos where they have been opperating in realty for some time. Eldridge and some other Wichita parties have laid off an addition to Los Angelos and named it the Eagle addition in which there is a Woodman avenue, a Murdock avenue, etc. As Los Angelos is the livest and one of the greatest cities on the Pacific Coast there is little doubt that the EAGLE addition will fourish and that Woodman and Murdock avenues will become famous.

STRONG FAITH. Mr. Fred H. Buske and Johan's, of Butter

county, Ohio, left yesterday for home, after Mr. G. Gehring, of the Wichita cracker pense will be spared in making it a grand dollars. They proved their belief in their will object. in proportion to their ignorance of the city. of Mr. Solomon's parents on College Hill.

JUSTICE COURT. The case of State vs. C. Sims was tried in Justice Walker's court. Sims is a hack wood county, charged him fifty cents. The old gentleman gave him a dollar to bave changed, but the driver forgot to return with the money. Rsynolds spent two days in looking up Sims, and at last when he did earance of the man evidenced foul play and find him had him arrested. The fines and costs in the case amounted to \$17.50, which Sims paid.

> J. J. Roney paid a fine for being drunk and disorderly. He was picked up in the streets by a member of the police force, an while he was attempting to take him to the cooler he made a violent and persiste tance. He paid ten dollars. John Doe and Thomas Kenny were the names given by two vagrancy. The evidence not being sufficient to hold them they were both dismissed W. J. Brandy was a very dirty young man whom it is believed was acting as a "spotte for a resort on Douglas avenue. He was fined five dollars and costs, which amou was paid by his employers.

> DISTRICT COURT. Two criminal cases were tried yesterday the district court before Judge Wall and in

both the jury failed to agree. State vs. Ed Madding consumed most the forenoon. The d-fendant, it may be remembered, was one of the parties interest ed in obtaining the piano from the store of A. Braitsch on East Douglas avenue, The other two persons whom, it is alleged were implicated with him in the theft have both

disappeared. State vs. J. H. Naylor, was tried in the afternoon. Naylor with another man nam ed Ryan was accused of picking the pockets of a man in the rear of the Valley House They found the person lying in a shed asleep and when about to "roll" him, they were arrested. The jury remained out until about 11 o'clock when they were dismissed standing at the time nine for con viction and three for

PROBATE COURT. Petition was filed to admit to probate the will of Kate A. Bunds, deceased Administrator and guardian bonds and in-

entory filed in the estate of W. S. Struther Petition filed for the appointment of the estate of David M. Lowrie deceased. Minnie Lowrie appointed.

Marriage licences were granted to the following : M. K. Brockway and Ella A. Strain, both

of Bedgwick county. Edward W. Perry and Mary V. Eddee, both of Pawnee City. Owen, H. Hanawait, of Helmville, Mor tana, and Sadie V. Owens, Wichita.

The following couples were united in r riage by Judge Thomas in the parlor of the probate court : John H. Thortnton and Harriet Streeter, both of Wic. ita. A. C. Cedarbrand, Leavenworth: A. M.

Lajoie, of Sioux City. AMUSEMENTS.

THE EVENT OF THE SEASON. The Museum opened last night for the fall and winter season. It was the same old story, vestibule blocksded and fully a thous and people turned away. Pretty souvening were present at the Sunday meeting and were given to the ladies and children. The matinee souvenirs are very neat and attractive, comprising a number of sets of pretty faces. By a singular coincidence one of the set bears a striking resemblance to a young lady in this city. When Manager Young's attention was drawn to the likenees he simply said it was pretty and intended to distribute it with the others. The evening passed off withth the others. The evening passed off with-The ladies of the auxiliary are busy mak- out a single unpleasantness and all the per Miss Emms Williams, the hirsute the anniversary address on Monday, October opened the auditorium with the old time minstrel. Mr. D. L. McCoy who kept the The business men's training class will meet house in roars of laughter and following came the "Little Rebel" in which Mac was bett-r than ever which is not saying a little Owing to diseppointment "Magnetta" will not appear until today, and the illuminated arch will be erected during the week. One of the most pleasing features of the engagement is Mille Merie the invisable lady who delights the little ones. Space forbids the

neution of a number of features deserving of notice. SKIPPED BY THE LIGHT OF THE MOON. On next Monday evening, the 19th inst., Fowler & Warmington's company of comedians are to appear at the Crawford opera house in that funniest of farcical comedies, largest theatres in all the principal cities of 200 pair men's low shoes at from \$1 to \$6 per pair. America, from New York to San Fraucisco creating a perfect furor wherever it has been presented. Of this famous comedy the New

York Journal says: "Skipped by the Light of the Moon" made an enormous success last night at the Fifth Avenue theater. We have never had anything so out of the common rut of comedy; the laughter begins two minutes after the curtain rises, and does not step util it falls upon the third and last set. It is the sort of production that all New York will rush to see, and the theatre may feel certain of susiness such as it has only known once before this season. "Skipped by the Light of the Moon" will simply last as long as there is a laugh left in New York. It eclipses all former funny plays seen in this city for years.

MAIN STREET IMEATRE. "Skipped by the Light of the Moon" mad

MAIN STREET THEATRE. The old favorites of the Main Street Theater have returned to the city and opened las night in "Little Ferret," a delightful and interesting comedy drams in four acts. Mis-Mamie Earl as Ferret was given an cothusi astic reception at her appearance upon the stage; she gave a charming is terpretation of the character. Miss Lowell made a decided hit as Florence Temple and Mrs. Brown die well as Mrs. Lang. Mr. Lodge brought down the house as Hooper, the cusning lightning rod agent; and Mr. Wood as Gilbert and Mr. Langley as Harry Wakefield both did well.

TRINKS IT A DANDY.

Mr. S. C. Dunn of the Kansas City Bank Note Co., is in the city attending to business matters. This is his first visit here and it is rather interesting to hear him editorializing on Wichits. He says that he never knew before that Kansas City had any reason to be afraid of Wichita, but now he knows it and by leaving their orders at the counting room. a visit of some days in the city, the guest of knows it to a certainty. All is plain now as to the cause of Kansas City being so much company. They were at once favorably impressed with the city, and familiarity in-Mr. J. Shenk of Eldorado, and J. D. Dobon, of Willow Springs. Mo. called various.

Many single persons as also persons with small families desire board away from closeness and the steuch of unhealthy, crowded streets and alleys. They long for pure air and sunlight and beautiful foliage and shrubbery. To meet this want S.T. Jones has built a large and commodious house of 32 rooms on the corner of Hydraulic Ave., and Harry street, facing Linwood Park. A street railroad now passes the door, and it is also within a few minutes' wlak of the Rapid Transit Motor Line. This house is finished in the most superb manner; has a veranda on the North, South and East side; has four bath rooms, three large cisterns, abundance of pure well water, pantries, closets, and every convenience. It has four separate outhouses, also a large barn and stable 24x48 feet having 10 studies and room for 4 carriages, and room above for 10 tons of hay. It is excellently suited for four dwelling houses or for a hotel, or a home for college. Many single persons as also persons with small families four dwelling houses or for a hotel, or a home for college students or for an invalid's home under competent phys-icians. It can be purchased at a very low price and on rea sonable terms. Apply to do7-tf
